INTRODUCTION

The Mentorship Class

Welcome to The Mentorship Class

A youth program which uses the transformative power of peer to peer mentorship to groom leaders and entrepreneurs.

“Mentorship is where potential meets opportunity.”

PROGRAM STRUCTURE

The Mentorship Class

A Practical Mentorship Framework

TMC follows a structured curriculum built around six monthly focus areas — Self-Awareness, Personal Development, Career Growth, Leadership, Entrepreneurship, and Life Skills.

Each cohort progresses through workshops, discussions, assignments, and projects that promote discipline and accountability.

LEARNING APPROACH

The Mentorship Class

Our sessions emphasize interaction and teamwork. Participants learn through dialogue, reflection, and peer collaboration.

Every activity is designed to move theory into practice, helping participants develop confidence and real-world readiness.

GUEST SPEAKERS

Learning From Those Who've Walked the Path

TMC invites influential leaders and professionals from different industries to share insights and experiences. These engagements expose participants to real success stories, diverse career paths, and honest conversations about leadership, business, and purpose.

“Experience shared is wisdom gained.”

Session Format

Sessions are held twice a week in a blended approach, both physically and online.

Mondays are for the Physical class and Thursdays are for the online session. Attendance records are maintained and students are encouraged to plan their schedules effectively to avoid missing any sessions.

COACH GROUPS

Mentorship That Feels Personal

Every participant joins a small coach group led by an experienced mentor.

Within these circles, members discuss growth, receive feedback, and hold each other accountable. It's a safe space to learn, share, and build lifelong networks.

“Growth happens one conversation at a time.”

Leadership

The Mentorship Class

Management Team Executives

**Rhona Akampa
Muguzi**
Chief Executive
Officer

**Muzaki Divine
Kirungi**
Chief Operations
Officer

David Kuteesa
Chief Financial
Officer

Emanzi Micky
Alumni President

**Sandra Jliet
Ayeerwot**
Head Coach

Cohort Presidents

Lead the cohort by guiding class leadership, aligning activities, and ensuring smooth internal communication. Work closely with Tribe Heads, the Program Coordinators, and the Founders to shape a cohesive and enriching experience for all participants

“Leadership is action, not position.”

Assignments

Turning Learning Into Real Impact

Assignments are practical and reflective. They include both individual and group projects. Each task strengthens self-discipline and helps participants translate lessons into real-life action.

VISION BOARDS

At The Mentorship Class, creating vision boards is one of our most reflective and practical activities. Each participant designs a personal board that visualizes their goals, values, and dreams for the future. It's more than an art project — it's a process of clarity and intention. Through guided sessions, participants learn to translate their ambitions into visual goals that serve as daily motivation and accountability tools. The exercise reinforces self-awareness, goal setting, and focus, reminding every mentee that growth begins with a clear vision.

TMC FUN DAY

The Mentorship Class

At TMC, we believe leadership grows stronger when balanced with fun and teamwork. Our annual Fun Day brings together all participants for games, sports, and light-hearted competition. It's a chance to relax, connect, and strengthen friendships outside the classroom. Through teamwork-based activities, we reinforce communication, discipline, and unity — key traits of effective leadership. The Fun Day reminds every participant that learning can be active, social, and enjoyable.

The Mentorship Class

Completion Requirements

The Mentorship Class

In order to complete the program with official recognition at the graduation ceremony, you should have fulfilled the following requirements;

- Full payment of tuition fees.
- Must have a minimum attendance score of 80%.
- Should have submitted all assignments (including both individual and group assignments)

Program Content

Self-Awareness

Take the first step. Dive into understanding your strengths, weaknesses, likes, and dislikes. This sets the stage, ensuring you're equipped and ready for the greatness that lies ahead.

Personal Development

We dig deep into both the simple and complex essentials for your journey to greatness—finances, health, habits, and more. Establish systems that pave the way for goal achievement and personal growth.

Career Growth

Elevate yourself through boardroom etiquette, interview prowess, self-presentation, and valuable networking. Your career growth begins here.

Leadership

We nurture individuals who lead teams, big or small, to make a real impact transforming systems and societies. Be a leader, make a difference.

Entrepreneurship

Entrepreneurship is a skill that sees value in every moving part of a working system. Create your own business, appreciate your value, and learn how to bring more value to your team.

Life Skills

Our program emphasizes a balanced life wheel, teaching concepts of conflict management, emotional intelligence, and relationship management. You will emerge as a well-rounded individual.

Mainstream Program

For youth aged 18–29. Runs January to June (6months).

Cohort Fee: UGX 1,000,000.

Focus: self-discovery, leadership, and professional growth.

Tenderfoot program

For Senior 4 vacists. Runs January to mid-February (6 weeks).

Cohort Fee: UGX 450,000.

Focus: discipline, focus, and personal foundation.

“Every stage of growth deserves mentorship.”

Grand Finale and Graduation

Celebrating Growth and Commitment

To graduate, participants must complete all sessions, assignments, and final reflections.

Graduation represents personal growth, discipline, and readiness to lead beyond the classroom.
